PERFORMANCE DRIVEN

WHY CHOOSE MAXWELL FABRICS?

The guiding principle of our development process is that good design is not simply about visually-pleasing aesthetics; it must be accessible, functional & perform in real life. Performance means so much more than high double rubs. The Maxwell commitment to performance begins with service & extends to the technical & aesthetic elements of our products. Maxwell Fabrics works with innovative suppliers & technologies to ensure that our textiles & wallcoverings bring a residential hand and styling to the realm of performance-driven contract design.

Fall 2024 captures a sense of repose and escape while being surrounded by nature. This reflects the motifs and color story of the collection, ranging from botanical prints to petite handblock inspired designs in hues pulled right from the garden.

FALL 2024 COLLECTION

CURLED UP IX

Curled Up is Maxwell's upholstery series of plush & comfortable textures & solids. The eighth instalment introduces Adagio, a luxe chenille construction stocked with FibreGuard. Adagio's standout colorways include sequoia, bottle green and boysenberry.

FibreGuard Pro merges the industry-leading cleanability of FibreGuard with the extra performance provided by a moisture barrier. FibreGuard Pro has a flexible & breathable anti-moisture barrier applied to the reverse side of the fabric that prevents liquid or moisture from penetrating the cloth & sinking into the foam or interior of furniture. Additionally, Pro is anti-microbial & mildew & odor resistant.

As always, the name FibreGuard means a stain-free cleanability story whereby spills & soiling are easily removed using a clean cloth, water & mild soap if needed. FibreGuard focuses on an easy clean story rather than liquid repellency. Visit www.fibreguard.com for how-to videos & cleaning steps for different types of soiling.

SHEER GLAM

Sheer Glam is this season's decorative wide-width sheer book, bringing a dressed-up feel with touches of shimmer across textural constructions. Widths range from 118" to 130" inches, with all patterns passing NFPA 701.

Bastille is a standout; an elevated texture that can be used as a casual element, or styled in a more dressy setting with its subtle sheen. The sparkly yarns of pattern Veruschka are contrasted with a dry hand for a simply cool look; we have added three new colorways in addition to the original colorway which was re-booked. Zora shines in a range of mixed-metals for a contemporary feel.
