

EAST OF EDEN

The East of Eden collection is a love letter to the warmth and beauty of an Italian summer afternoon. This mood is captured using layers of prints, textures and sun-kissed hues.

1. COLOR THEORY VOL. VI - ALABASTER

Color Theory is Maxwell's decorative drapery series, focusing on exclusive prints and embroideries coordinated with curated solids and textures. Alabaster is inspired by the array of warm, creamy shades found in carved stone, from lightest gypsum to the caramel banding of old world marble.

2. COLOR THEORY VOL. VI - EDEN

Eden is true to theme, with an oasis-like color story of Moscato and hellebore pink alongside lemongrass deepening to Scheel's green.

3. COLOR THEORY VOL. VI - FLAGSTONE

Flagstone is a grouping of cool neutral tones from salt to moody flint.

4. COLOR THEORY VOL. VI - ODYSSEY

Odyssey is a journey through the palette of the Aegean sea, ranging from barely-there aqua to intense Payne's grey, with hits of red currant providing contrast and vibrancy.

5. CURLED UP VIII

With Curled Up VIII we introduce four new ultra-soft chenilles. Rondo, Conte, Impasto and Pintura have high abrasion resistance, an extensive color range, and are stocked with FibreGuard, an easy-clean solution that lasts the life of the fabric.

6. SHEER PATHS

Modern motifs meet drapeable constructions in Sheer Paths, our latest decorative wide-width sheer offering. Large-scale embroideries pair back to foundational textures in a tonal palette ranging from fresh white and chic platinum to deep, smoky greys and blacks..

7. STRIPES & CHECKS II

The second installment in our multi-purpose Stripes & Checks category introduces a fresh crop of naturally-inspired takes on classic designs from gingham and herringbone to buffalo check.
